### Class Descriptions:

**Pilates 1.5** – an hour and half equipment class utilizing the reformer/Cadillac to work on strength and core with an extra emphasize on stretching (There is an extra \$5 per class on top of equipment class price)

**Pilates** – an equipment class utilizing the reformer/Cadillac to work on strength, flexibility and your core.

**Pilates Restore** -Pilates Equipment class with more focus on stretching and balance while working your core and strengthening your muscles at a slower pace. You will feel energized, stronger and lengthened when you finish.

**Corealign** - Corealign is a combination of a ladder and a platform with two movable carts. It was designed by a physical therapist to improve posture, balance, and functional movement while in an unstable body position (standing, planking etc). It is part mind-body, part strength, part cardio, and totally unique! Corealign stimulates core stability and muscles have to function in a timely manner as you perform challenging exercises, deep stretches, and core-controlled aerobic training. It is a great way to connect the muscular system to the nervous system leaving you feeling buoyant and strong.

**Pilates Boot Camp** – a cardio interval workout using a variety of props and mat work. Great full body workout to increase strength, flexibility while working on your core.

**Barre class** –an interval cardio class with a large focus on the core and the lower body, especially the hips and butt, *feel the burn, stretch to the limits, I can't take it anymore...* PILATES BARRE class!

**Tight butts No guts**- Pilates class focused on toning the core and legs using mat and a variety of props including bands, balls, foam rollers, arcs etc....

**Cardio Pilates** - A Pilates class on the reformer utilizing the jump board in an interval format to incorporate cardio, strength, and core into a cardio fat burning workout!

**Pilates Chair**- A unique and fun full body workout using different spring resistance and the split pedal option, this apparatus offers a challenging cardio/aerobic workout as well as increased stability and flexibility. It is excellent for strengthening the core muscles, the arms and legs. Exercises are done lying, sitting, and standing on the chair.

**Springboard** - Pilates Springboard classes take you through a warm-up, core strengthening, upper body and lower body conditioning program for all levels. This user-friendly equipment allows you to access the basics of the Cadillac, but in a fun and friendly group environment.

**Cardio Kickboxing**- a 55-minute class using boxing, kickboxing, and athletic conditioning techniques for a great aerobic and muscle strengthening workout. A great cross training workout for all levels.

**TRX Combo** – This revolutionary method of leveraged bodyweight exercise called suspension training will totally change your approach to fitness. With a combo of TRX, springboard or chair this class will build power, cardiovascular endurance, strength, flexibility, balance, mobility, and injury prevention, all at the intensity you choose.

**TRX Bootcamp**- Get ready to burn fat, increase muscle and improve your mobility with Trx suspension training. Use your body weight to perform cardio, strength, and core training. This class is open to all fitness levels with options that allow everyone to work at their own pace or challenge themselves.

**Motr** -This equipment combines the comfort of a foam roller with the challenge of three weight level resistances, giving you a challenging and incredibly diverse workout. This class focuses on the key principles of alignment, balance, core control and functional movement patterns and may also include aerobic conditioning. Exercises vary easily to provide appropriate fitness challenges for any level.

**Evening Blast** - A 45 minute circuit class that could utilize a variety of equipment could be TRX, Pilates Chair, Motr, balls, bands, and weights you name it. Keep moving and burn the calories!

**Morning Blast** - A circuit class that could utilize a variety of equipment could be TRX, Bosu, Pilates Chair, Motr, balls, bands, and weights you name it. Keep moving and burn the calories!

**Teen Pilates Mat Class** – Pilates Mat class for Middle school or High school students focusing on flexibility, strength, core, and stability.

**Kids Pilates Mat Class** - A 45minute Pilates Mat focused on core stability, as well as lengthening and strengthening exercises that will improve posture and keep kids moving like kids!
